The second seco

KING'S EVIL Was the name formerly given to Scrofula because of a superstition that it could be cured by a king's touch. The world is wher now, and knows that SCROFULA

can only be cured by a thorough purifica-tion of the blood. If this is neglected, the disease perpetuates its taint through generation after generation. Among its carlier symptomatic developments are carlier symptomatic developments are Lezema, Cutaneous Eruptions, Tumors, Boils, Carbuncles, Erysipelas, Purulent Ulcers, Nervous and Physical Collapse, etc. If allowed to continue, Rheumatism, Scrofulous Catarth, Kidney and Liver Diseases, Tubercular Consumption, and various other dangerous or fatal maladies, are produced by it.

Ayer's Sarsaparilla Is the only powerful and always reliable blood-purifying medicine. It is so effectual an alterative that it eradicates from the system Hereditary Scrofula, and the kindred poisons of contagious diseases and mercury. At the same time it enriches and vitalizes the blood, restoring healthful setion to the vital organs and rejuvenating the entire system. This great

Chicago Grain and Provision Markets quotations. Very little change is noted in future transactions until near the close of business when a rally was effected closing December and January at slight advances The corn market was less active, holding at lower prices throughout the day. The provision market developed but little change in actual sales, but lower tenden cies are apparent. The opening and closing prices of th

Clear rib sides—spot, \$5 60, \$5 50; January, \$5 52½, \$5 55 asked.

Hogs—\$3 80@4 45.

"Wheat is a purchase," said A. M. Wright this morning. "There is an absence of outside speculative demand, shippers are favored with few orders, and those that come are mostly for low grades, but a bullish feeling exists in the pit which would require very little encouragement to develop into a mania to buy. Short sales are dangerous."

For the first time this month cables are coming in "firm" and "higher." Hancock, Young, Patterson and a number of other good men are taking hold as if they cock, Young, Patterson and a number of other good men are taking hold as if they meant to stay. The bears, however are stubborn. They have heard the arguments of the "longs" over and over again. About every other day for some time past a fresh report has been started concerning the damage to the winter wheat crop in Kansas, or the diminished acreage of wheat in that and half a dozen other States, or the decrease in the visible or the decrease in the visible supply of the United Kingdom. If these reports were really believed the market would go up 5 cents a bushel in no time. But speculators are just now paying more attention to the movement of the last crop than to the probabilities of the next. The anticipated decline in receipts does not materialize to any great extent, neither is there much of an increase.

is there much of an increase. The move-ment thus far has been steady and con-stant, but re eivers say it may be interrupted when the corn crop once gets into motion. On this the bulls pin their faith. There is little, if any, improvement in outside orders, and excepting a few deals by Wall street parties the country seems to have given up grain speculations. The a good per cent. of the whole has of late entirely ceased, and is not likely to revive while the markets are so dull and fluctua-

nuch for the bulls in the provision growd.

t is predicted 250,000 head will come in Kansas City, November 24.—The Lite

sulting in lower prices for corn on spot and future delivery. After the opening wheat advanced nearly a cent, and closed fully a cent higher than Saturday for spots.

January deliveries sold off all day until near the close, when all losses were renear the close, when all losses were recovered and 1@1c added to Saturday's closing figures. There was very little doing in other deliveries. Outs sold off to but recovered and became unsettled at

This invaluable preparation is truly a triumph of scientific skill, and no more inestimable benefit was ever bestowed on the most best of the world.

It not only shortens the time of labor and lesses the intensity of pain, but, better tran all, it greatly diminishes the danger to life of both mother and child, and leaves the mother in a condition highly favorable to speedy recovery, and far less lis-

ranked as one of the life saving appliances given to the world by the discoveries of modern science.

From the nature of the case it will of course be understood that we cannot publish certificates concerning this Remmy with out wounding the delicace of the writers. Yet we have hundreds of such test timonials on file, and no mother who has once used it will ever again be with out it in her time of troubles. proprietor, that if it were admissible to make public the letters we receive, the "Mother' Friend would outsell anything on the market."

I most earnestly entrent every female expectite to be confined to use Mother's Friend. Couple Send for our treatise on "Health and Happiness of Woman." Mailed free. BRADFIELD REGULATOR CO., Atlanta. Ga.

McEiroc's Wine of Cardui is recom-unchded for painful monthly habit, difficult, suppressed, excessive and trregular Messes, Whites, Falling of the Womb, Change of Life, General Debility, and as a tonic for delicate ladies. It was tested in 7000 cases and cured 6500 of them. Its acton-ishing action mystified Doctors, de-lighted sufferers, and restored thou-sands of suffering women to health and happiness. Druggists sell it at \$1.00 per Bottle. A sixty-four page pamphlet telling all about it free by mail.

BLOOD

A Great Problem. -Take all the Kidney and Liver Medicines. Take all the Blood purifiers,
Take all the Rheumatic remedies,
Take all the Dyspepsia and indigestion

-Take all the Ague, Fever and bilious -Take all the Brain and Nerve force -Take all the Great health restorers.

-In short, take all the best qualities of the world, and you will find that -Hop
-Bitters have the best curative qualitie -In them, and that they will cure when any or all of these, singly or —combined,
—Fail. A thorough trial will give pos-itive proof of this.

Hardened Liver. Five years ago I broke down with kidney and liver complaint and rheumatism. Since then I have been unable to be about at all. My liver became hard like wood; my limbs were puffed up and filled with water.

All the best physicians agreed that nothing could cure me. I resolved to try Hop Bitters; I have used seven bottles; the hardness has all gone from my liver, the swelling from my limbs, and it has worked a miracte in my case; otherwise I would have been now in my grave. J. W. Money, Buffalo, October 1, 1881. Poverty and Suffering

"I was dragged down with debt, poverty and suffering for years, caused by a sick family and large bills for doctoring.
"I was completely discouraged, until one year ago, by the advice of my pastor, I commenced using Hop Eitters, and in one month we were all well, and none of us have seen a sick day since, and I want to say to all poor men, you can keep your families well a year with Hop Bitters for less than one doctor's visit will cost. I know it."—A WORK-INGMAN.
